

# What Is Neil Kelly Design/Build Remodeling?

Design/build remodeling is a full-service project delivery process Neil Kelly pioneered to create efficiency and predictable outcomes during home remodeling. With our streamlined method, you can expect clear communication from a single point of contact, backed up by award-winning craftsmanship and an industry-leading 5-year warranty.

## Discovery

We'll clarify your goals and expectations and discuss your general budget, objectives, and inspiration at a Neil Kelly Design Center, or in the comfort of your home.

## Design

Together we'll hone our shared vision while visualizing plans and renderings, discussing products and materials, and reviewing plan options.

## Planning

Our dedicated project managers will finalize plans, specify materials, and create a firm budget and schedule for your project.

## Construction

Sit back and relax while our carpenters bring your project to life. Neil Kelly handles scheduling, ordering materials, managing subcontractors, and coordinating permits and inspections.

## Service

Enjoy your home worry-free with Neil Kelly's industry-leading 5-year warranty. We'll also help you with obtaining warranty service from manufacturers.

## See the Design/Build Remodeling Difference

Neil Kelly's people, process, and commitment to your satisfaction alleviate the risk, hassle, and headaches from your home remodeling project - giving you peace of mind and a stunning end result.
